

International Women's' day message

Dear Knanaya community members,

I would like to wish every woman a wonderful, bright, positive women's day! Why do we celebrate international women's day? Women's day is the day to pay tribute to every woman and salute her immense contribution in shaping our society. On this international women's day, we honor women's gifts and talents, our energy, our experience, our strength, and our spirit. We are strong, compassionate, beautiful, and unique. That's why we are celebrating international women's' day.

A woman is like a full circle. Within her is the power to create, nurture and transform. We need to look within ourselves. We just don't realize how precious we are. Every home, every heart, every feeling, every moment of happiness is incomplete without a woman. Only woman can complete the world!

It's amazing to see how a woman really inspires people by the ways she manages her personal, and professional life so well. We need to continue to inspire those who are around us. Women are great at building relationships, empowering others, tuning into people's needs, and balancing a staggering number of responsibilities

I compare Women to the resilient river that travels long distance, carrying on our shoulder, but finally reaches the destination. One of the most courageous things you can do is identify yourself, know who you are, what you believe in and where you want to go. Discover what you love and then find a way to offer it to others in the form of service which is community service.

Be the change you want to see in the world. You don't need to wait for any one or any longer to improve the world. Whatever you do, be different – If you're different, you will stand out.

On this women's day, dream big, have faith, hope and dare, keep smiling, enjoy little things... follow your heart and be yourself.

Thank you. Have a blessed day!
